QUESTIONS?

Please visit our front desk and one of our staff members can answer any questions you may have.

The “New Normal” As We Reopen Our Centre

We realize that our members are excited to be returning to our centre.

We ask that you will help us to keep each other safe as we follow the City of Edmonton bylaws and regulations established by Alberta Health Services and practise physical distancing and wearing masks.

Our team has worked hard to get our centre ready for reopening.

Please take the time to read some information we would like to share with you.

Thank you
Dr. Haidong Liang
Executive Director

WE NEED TO ASK YOU SOME QUESTIONS

Everyone who enters our centre will be asked to answer screening questions.

If you feel unwell, we ask that you please stay at home.

PLEASE WEAR YOUR MASK

Effective August 1, 2020, the City of Edmonton declared that wearing a mask or face covering will be mandatory in all indoor public places and public vehicles.

The bylaw is in effect until December 31, 2020.

SMALLER CLASSES

To meet the government's requirement for physical distancing, we will be holding all of our fitness & yoga classes in our gym.

Our Meeting Room has been set up as a room where you can sit and wait for your class to start.

Physical distancing rules will apply.

TAKE OUT MEALS

Our Cafe will not reopen at this time.

We will be using the Cafe as a space where members can:

- pick up a puzzle or library book to borrow
- pick up some wool
- purchase masks & hand sanitizers, and
- purchase home made meals, hearty soups and muffins that you can take home!

QUESTIONS?

Please visit our front desk and one of our staff members can answer any questions you may have.

OUR POLICIES AS WE REOPEN

WE NEED TO BE ABLE TO PROPERLY SCREEN EVERYONE

We realize you have been asked these questions everywhere you go, however, in order for us to ensure we are protecting our members, we need you to help us by:

1. listening to each of the questions before answering or telling us that they don't apply to you.
2. We expect line ups for the screening so we need you to be patient and consider arriving a bit early to allow for the delay.
3. Please **CHECK OUT** with a staff member when leaving the building.

WE ALL HAVE TO FOLLOW THE RULES

It's not about us individually. If we don't all follow the rules we have set up, we run the risk of a Covid-19 incident.

HAND WASHING

- Members will be asked to use hand sanitizer as they enter the building.
- Please wash your hands or use hand sanitizer **BEFORE** you enter the class area.

CLEANING AFTER CLASSES

- Participants will help with cleaning after their class for example, please use the cleaner & paper towels supplied to clean tables and chairs.

WEARING MASKS

All attendees will wear a mask or face covering when inside of our building.

Exceptions will be allowed for attendees that provide a City of Edmonton Exemption Card and/or will be reviewed on a case by case basis.

Masks are available for purchase. The cost:

- \$1 per mask or
- \$30 for a box of 50.

Masks or face coverings must be worn to cover both the nose and mouth.

If an attendee is not exempt and refuses to wear a mask or face covering, the person will be asked to leave the premises.

The procedure is to sanitize hands and then put the mask on. The procedure to take a mask off is to sanitize hands, take the mask off and sanitize again. Wash reusable masks after each use.

Disposable masks must be put into the garbage after each use.

QUESTIONS?

Please visit our front desk and one of our staff members can answer any questions you may have.

WHAT HAPPENS IF WE HAVE TO CLOSE OUR CENTRE

SOME THINGS WE ALL NEED TO CONSIDER:

- Our funding is based on us being open and serving seniors. If we close due to a Covid-19 incident, will we continue to receive our funding or do we run a risk of causing long-term problems for us as a centre?
- Our instructors, many of them who are long-time partners with us, will be out of work. We cannot expect them to wait for us to reopen. Do we run a risk of losing some of your favorite instructors?

WE WILL CLOSE OUR CENTRE FOR A MINIMUM OF 14 DAYS

WSAC will adhere to all guidelines as set by the Alberta government and Public Health regarding re-opening the building.

REFUNDS

- We will not be issuing refunds.
- Credits will be issued and members will be allowed to use those credits for our Winter Programs starting in January 2021.

IF YOU COME INTO CONTACT WITH SOMEONE WHO HAS COVID-19

- You will need to inform WSAC immediately.
- If you are showing symptoms, you are legally required to self isolate for 10 days from when the symptoms started and until symptoms are gone (whichever is longer).
- If you do not have symptoms, you are legally required to self-isolate for 10 days from the date you were tested; this date will change if you develop symptoms during this 10 day period.

IF YOU TEST POSITIVE FOR COVID-19

- You will need to inform WSAC immediately and self isolate from our centre for 14 days.

If we are ordered to close our centre because of a case of Covid-19, all members and staff will not be returning to the centre. As a result, we will not have the resources to issue refunds and cannot anticipate when classes will restart. Therefore, credits will be issued as stated above.

Are you looking for ways to give back to our centre? We still have a few positions to fill to assist with the reopening of our programs and services.

GREETERS - you will be the welcoming face at our centre and will direct people to the proper entrances and answer questions about what is going on at the centre.

***Our regular greeter shifts have all been filled however, we could use a few people to act as back-up volunteers who we could call in the event that one of the regular volunteers is away.**

SCREENING ASSISTANT- you would be checking in and out anyone who is entering or exiting our building and asking them a few health related questions to ensure everyone's safety. This position requires using a simple spreadsheet on a laptop. You may also be asked to assist with various duties at the front desk.

CAFE ASSISTANT - this position requires assisting staff with payments for our food orders by cash or credit card and you would be using a laptop to process payments. You would also be helping to keep our puzzles, yarn and book pick up areas in the cafe organized.

COMMUNITY OUTREACH

RESOURCES WE PROVIDE TO SENIORS AND THEIR FAMILIES

OUTREACH & SOCIAL WORK Helping others never grows old

Many seniors are unaware of the numerous resources and support services that exist to help them.

The goal of Westend Seniors Activity Centre's Outreach Program is to aid and support seniors by connecting them with necessary resources within the community – and helping to reduce isolation.

This is being achieved by offering direct support to our members (in-reach) or by going into the community (outreach). This can take place face-to-face at our facility on an appointment or walk-in basis, or over the phone/ email. In other cases, it will involve a home visit.

Outreach workers support seniors on a number of levels by offering referrals, advocacy, assistance with form completion, emotional support, needs assessments and consultations.

We provide information and assistance that includes (but is not limited to) the following areas:

- Independent housing and supportive living
- Navigating the health care system
- Seniors benefits
- Finance and banking
- Elder abuse
- Meals and nutrition
- Mental health and grief services
- Transportation
- Isolation
- And more

HOME HELP Seniors Home Supports Program

Many seniors require assistance to remain in their own home. The Seniors Home Supports Program refers seniors to approved service providers who offer services in the following areas:

- Snow Removal
- Yard Work
- House Keeping
- Minor Repairs

When clients call our office, we provide them with a list of 3 service providers to contact. This will allow the senior to get quotes on costs BEFORE they choose which business to hire. This program is an initiative of the City of Edmonton. The City is divided into six districts. Westend Seniors Activity Centre acts as a community hub, responsible for providing home supports services within West Edmonton. By providing a streamlined referral system, we make it easier for seniors to access required supports.

A Message From Your Programs Team

The Westend Seniors Activity Centre's mission is to be a community based hub for seniors – providing services, programs, information and activities that support the healthy and active living for seniors.

To that end, we are proud to offer the 2020 Fall Programs, which contains a variety of classes as we return to our centre!

Over the past several months, the entire WSAC team has loved serving you via our multitude of events and online programs. We also loved chatting with you when you have stopped by the centre to pick up food, masks and sanitizers, puzzles, books or wool. Since COVID-19 made its way to our wonderful country, you have embraced our service beyond the walls of WSAC and we couldn't be more thankful for all of your support. You kept our centre thriving during a very difficult time. It is still YOUR centre – albeit a little different. That's the thing about change –it is always there. Just like taxes....BUT...we will move onward and upward!

We are happy to bring you many of your favorite registered programs in the first phase of our relaunch and thank you, in advance, for wearing your mask and adhering to the government regulations. We will build the programs over time, and eventually hope to bring you more variety in your program choices. We will continue to run classes online as well as at the centre. We will have classes within a variety of areas. As well, we will look at relaunching drop in programming in the second phase of our relaunch, later in the autumn months. For now, cards, billiards, the beloved choir, carpet bowling, the ukulele and writing groups and more will be on hold until we know that we can bring them to you in a safe way. That includes having adequate space to run the programs as well as ensuring the cleaning methods and resources will be in place to serve you.

What will it take? It will take time – both from the staff and our wonderful volunteers – to make this work. **WE NEED YOUR SUPPORT!** Please contact Heather Riberdy, our Volunteer and Events Manager, to ask how you can assist the centre to get back to the level that we all enjoyed just a few short months ago.

It will also take your support by participation. Please do try something new! This has always been our key message in the Programs Department – trying something new keeps us young at heart! We hope you will try what we have to offer, even if it isn't what you are used to. Afterall, life is never dull when you get out there and try!

It will also take a positive attitude from everyone. We know that everyone is tired and wants their life to return to normal. We too want that for you. The staff have been working very long hours to bring you back what we can and we hope to work together to make WSAC the joy filled place it was before. We want it to be your home away from home. **Let's all remember – it isn't the building, but rather the people in it that make it the special place that it is.** Let's continue to be kind to one another as we forge on! Get active. Stay strong. Try something new. Most of all – please remember – we are smiling at you, even if you can't see it under the mask, and are happy to give you a big “air hug” when next we see you!

- Shelley Kulak, Recreation Programs Manager

COURSE LEVELS DEFINED

Westend Seniors Activity Centre strives to offer courses to meet the needs of every member. To that end, we have designed a level system for many of our classes to help members more easily decide which courses will fit their own needs and lifestyle. Members can use the symbols below to assist them to find appropriate fitness, Taiji, dance or yoga classes.

<u>Level 1 – GENTLE FITNESS</u>	
	This course will be <i>slightly challenging</i> . It will be good for someone just starting back to a fitness routine. It will also be a good match for someone with specific limitations or returning after an injury. If you are looking for a seated class that is no/low impact, this class would be a good match!
<u>Level 2 – DEVELOPING FITNESS</u>	
	This course will be <i>slightly more challenging</i> . It is for the novice exerciser and is good for someone wanting a bit more challenge, but not as demanding as some of the other courses that WSAC offers.
<u>Level 3 – INTERMEDIATE FITNESS</u>	
	This course will be <i>challenging</i> . It will meet the needs of a regular exercising member, who possesses little or few limitations, and is looking for a little “extra push” to meet a fitness goal.
<u>Level 4 – MODERATE & MORE FITNESS</u>	
	This course will be <i>more challenging</i> and is for the member who regularly exercises. If you have few or no physical limitations, want to get the heart rate going and muscles moving, Level 4 is for you.
<u>Level 5 – ADVANCED FITNESS</u>	
	This course will be the <i>most challenging</i> that WSAC has to offer. It is for the member who enjoys consistent and ongoing physical fitness activities as a part of a regular health regimen. Very few or no physical limitations are recommended for a member to enjoy this workout, that helps you strive to the limit.

Keep dancing... turns out it is good for the brain!

In 2003, research published in the New England Journal of Medicine found that dancing can reduce the onset of dementia.

The 21-year study of senior citizens, aged 75 and older, was led by the Albert Einstein College of Medicine in New York City, funded by the National Institute on Aging. They measured each participant's mental alertness as a means of monitoring the rates of dementia, including Alzheimer's disease.

The researchers studied a range of cognitive and physical activities, such as reading; writing; doing crossword puzzles; playing cards; playing musical instruments; dancing; walking; tennis; swimming and golf.

Surprisingly, dance was the one activity that was good for the mind, significantly reducing dementia risk. Regular dancing reduced the risk of dementia by 76%, twice as much as reading.

WHY IS YOGA SO GOOD FOR US?

INCREASES YOUR BLOOD FLOW

- Yoga gets your blood flowing. More specifically, the relaxation exercises you learn in yoga can help your circulation, especially in your hands and feet.
- Yoga also gets more oxygen to your cells, which function better as a result. Twisting poses are thought to wring out venous blood from internal organs and allow oxygenated blood to flow in once the twist is released.
- Inverted poses, such as Headstand, Handstand and Shoulder stand, encourage venous blood from the legs and pelvis to flow back to the heart, where it can be pumped to the lungs to be freshly oxygenated. This can help if you have swelling in your legs from heart or kidney problems.
- Yoga also boosts levels of hemoglobin and red blood cells, which carry oxygen to the tissues. And it thins the blood by making platelets less sticky and by cutting the level of clot-promoting proteins in the blood. This can lead to a decrease in heart attacks and strokes since blood clots are often the cause of these killers.

DRAINS YOUR LYMPHS AND BOOST IMMUNITY

When you come in and out of yoga postures, you increase the drainage of lymph (a viscous fluid rich in immune cells).

This helps the lymphatic system fight infection, and dispose of the toxic waste products of cellular functioning.

LOWERS BLOOD SUGAR & BLOOD PRESSURE

Yoga lowers blood sugar and LDL (“bad”) cholesterol and boosts HDL (“good”) cholesterol. In people with diabetes, yoga has been found to lower blood sugar in several ways:

- by lowering cortisol and adrenaline levels,
- encouraging weight loss, and
- improving sensitivity to the effects of insulin.

Two studies of people with hypertension, published in the British medical journal The Lancet, compared the effects of Savasana (Corpse Pose) with simply lying on a couch.

After 3 months, Savasana was associated with a 26-point drop in systolic blood pressure (the top number) and a 15-point drop in diastolic blood pressure (the bottom number—and the higher the initial blood pressure, the bigger the drop).
